Dear Sir/Madam,

Our company is in contact with Zakłady Mechaniczne Chemitex Sp z o.o. since 2010. In this 3 years we built a well functioning, fruitful connection with them. Their products have good quality and the professionalism of the personnel is remarkable. They are helpful and flexible everytime, and they can keep the promised delivery time. We order ball valves from them for oil and gas area and our clients were satisfied with delivered products.

Therefore I recommend the cooperation with the company Chemitex.
